RE CC Docket No 02-6
471 Application # 193126 - FRN # 412703 - Commitment Adjustment

This letter is being written in appeal of your Administrator's Decision on Appeal Letter dated October 17, 2003 - Docket No and Application # above.

In accordance with the FCC and SLD rules, we responded to a 470 posted to your website, presented a bid in good faith and subsequently entered into a contract with Calvary Chapel Academy for services discounted by the E-rate program. We have followed the FCC and SLD rules and guidelines, implemented the services as specified in the contract, and were subsequently reimbursed for the discounted portion from the SLD.

You are now advising us that the form 471 was posted against a form 470 that violated the FCC guidelines. We certify that we had no knowledge of improprieties in the posting of the form 470 and therefore cannot be expected to be responsible for its shortcomings. We performed the work in good faith and shouldn't be held responsible for violations by another service provider.

Furthermore, Calvary Chapel Academy has since closed. It would thus be unreasonable to request of us to collect the costs of the installation from the school.

We thus request that you rescind your Commitment Adjustment.

Thank you,

Ben Rowner
